To whom it may concern:

My name is Krystal Angel and I have known Tessa Gonsalves for about 4 years. She was a student of mine at El Capitan High School, where I am a Mathematics teacher. This is a position, in which I have held for over 5 years, and two years elsewhere.

I am writing to recommend that you consider Tessa Gonsalves for acceptance into college, and any scholarships in which she meets requirements. In my few years of experience, some individuals stand out for their great qualities and Tessa is one of those people. She is well known for her Proactive, ambitious, and diligent personality. She is well respected throughout the classroom as a student who is on time, helps out, and is always working harder to better herself. She always makes it a point to communicate any problems and always asks for assistance if she is faced with difficulty, but not before she has attempted and tried, which in my opinion is an amazing quality to have because it shows initiative. Tessa has big goals of getting a degree in Applied Mathematics and becoming a financial advisor.

Tessa has had a very active role during her time at ECHS, she has played softball, basketball and volleyball. She has also been an active member in AVID for 4 years. She has been a part of student government, 3 clubs. Tessa scored a 1270 out of 1600 on her SAT and scored a 590 in the Math section. She has exceeded standards on both English and Mathematics CAASPP tests. Tessa currently holds a 4.23GPA. Tessa has done all of this while being a caregiver for her disabled father, taking child development classes at the UC, being an academic mentor at ECHS, attending youth council events, and working tournaments for volleyball and basketball.

In summation, due to her great attitude, dedication, and excellent potential, I would heartily recommend that you accept Tessa Gonsalves for the college of her dreams, and any and all scholarships she applies for, so that she can further her education and reach her goals. I am sure that she will be an amazing asset to your team as she was in my classroom.

Please do not hesitate to contact me if I can be of further assistance. I can be reached at the number or email previously stated.

Sincerely,

A handwritten signature in black ink that reads "Krystal Angel". The signature is written in a cursive style with a large, stylized initial "K".
