To Whom it May Concern,

My name is Tessa Gonsalves and I have known Tessa Gonsalves for a long time.

I am writing to recommend that you consider Tessa Gonsalves for acceptance for colleges, jobs, and scholarships in which she meets the requirements. Tessa is one of those people that stands out in a group for her great qualities. Tessa is a student who is gifted, responsible and hardworking. Tessa is constantly pushing herself to thrive in her academics. She never fails to ask questions, add to conversations, and be engaged in everything she does. Tessa works hard and paves the way for herself before asking for assistance from teachers which is an important quality that will make her a great candidate for higher education programs, internships, and jobs. Not only has Tessa achieved straight A's throughout highschool and has made school her top priority, but she has also been very active in her community and in a number of extracurricular activities.

Given all Tessa has done over these past four years, it is clear that she is never shy to try new things. Tessa is a member of the Gay Straight Alliance Club (GSA) and is currently the club secretary. She is also the Senior Class Treasurer at El Capitan High School. She is a member of the Youth Council and has been active in sports as well. Tessa has played softball for four years, three of them on the ECHS Varsity Softball team. She also played basketball for two years and volleyball her freshman year. Tessa has volunteered for over 250 hours in our community and is a leader among her peers. She has been an Academic Mentor for Academic Leadership on campus, volunteered at the Early Childhood Development Center at UC Merced for 120 hours and is very active with Youth Council events as well. Tessa continues to search for ways to help out her community, especially in times like these. Tessa has volunteered at the food bank and plans to continue helping in small ways during this pandemic.

In addition to Tessa's extracurriculars, she also has many goals and aspirations. She is going to UC Santa Barbara where she will be studying Mathematics. She plans on joining extracurriculars in college and striving to do her best as she furthers her education and further perseveres to reach her goals.

In summation, Tessa is a dedicated individual who has great potential. I recommend that you consider Tessa for colleges, jobs, and scholarships so she is able to continue her education and achieve her dreams. I am sure wherever Tessa goes and whatever she does, she will be an incredible asset.

Please do not hesitate to contact me if I can be of further assistance.

Best Regards,

Tessa Gonsalves
